Our 26th Year!!!

The Mukwonago Basketball Camps are now in their 26th year. Last year more than 150 boys attended our camps. **With a new format that should allow for easier access and improved skill-development**, campers will be exposed to a wide variety of basic fundamentals and an emphasis on how fun it can be to learn the game will be evident throughout. Our goal is to teach our campers the proper way to play the game while maintaining a very positive environment.

Each and every camper will receive daily individual instruction in basketball skills and fundamentals. They will be taught and drilled in the areas which are vital to the development of players and teams. They will play games each day, but more emphasis will be placed on developing the vital skills needed to excel in the game of basketball. Shooting contests and skill competitions will be a part of each day.

As always, each camper will receive a camp T-shirt on the third day of camp.

While we don't cap our enrollment, we ask that you register your son early so accurate plans can be made in preparation for camp. "At-the-door" registration will be \$5 more expensive so please plan accordingly!
